

SCMS ALLIANCE MEMBERSHIP APPLICATION

The Seminole County Medical Society Alliance is a local organization for spouses of physicians. We work in partnership with the physicians of the Seminole County Medical Society to promote health education, support health-related charitable endeavors and encourage involvement in the legislative process. Some of our activities are listed below. The entire Alliance Federation - consisting of the SCMS Alliance, the FMA Alliance and the AMA Alliance - works hard for the benefit of the family of medicine and our community. We encourage you to join the entire Federation today. Although our volunteers are primarily spouses of physicians (male and female), we also welcome membership from physicians. Thank you for your support.

PLEASE NOTE: All information will remain strictly confidential.
